Anoka 1912

WHITEHALL SULTAN, 163573

## ANNOUNCEMENT

---

This is my tenth annual sale of Shorthorns. The Anoka herd, was established 42 years ago and is one of the oldest in North America.

The present offering herein catalogued is the equal of any previous one from the Anoka Herd and in one respect is signally important it being the last opportunity to secure at public sale in any number sons and daughters of the great sire and show bull Whitehall Sultan 163573 and another important point is the high average merit of the get of Whitehall Sultan in this sale for they are the best lot I have ever sold.

As far as I have been able to regulate results in breeding the aim has been to produce Shorthorns that would win in our shows. In producing this class of Shorthorns I have had the greatest degree of success with cattle of Scotch pedigree and I might safely go farther and say that my greatest successes have been with the Scotch families of Shorthorns that are today the most popular, and for many crosses have been bred by leading breeders of Great Britain.

These are the kind of pedigrees that for the most part comprise my offering this year and I will promise you that the individuals are some of the best you have ever had an opportunity to buy. The young bulls for the most part have brothers or half brothers doing service in leading herds in this Country that brought prices ranging from \$500 to \$5000. I have paid from \$400 to \$1000 for many of the dams or grand-dams of the heifers catalogued. These are sired by great bulls and for the most part are bred and all have all their usefulness in the future. I therefore invite critical inspection of the offering.

Mr. W. H. Miner, owner of Heart's Delight Farm, Chazy, N. Y. offers a choice consignment in connection with mine for which I solicit your interest. Should you select from Mr. Miner's consignment I will take it the same as a favor extended to me.

With assurance of reciprocal relations when in my power and thanking you if you will do me the honor of attending the sale whether you come to purchase or not, I remain

Yours truly,

F. W. HARDING

**WARRANTY**—I believe every animal to be sold in this sale will prove a breeder under proper care but should any bull in this offering prove not a breeder after a reasonable trial period I will replace him to the buyers satisfaction or refund the purchase price, and further should any female not prove to be in calf to service given and on further trials fail to get with calf I will replace such animal with another of equal value as near as possible.

**PEDIGREES**—A certificate of registry in the American Shorthorn Herd Book will be furnished for every animal, with the exception of young calves sold with dam and there will be furnished for these a pedigree in the application form, ready for registry.

**TERMS**—Cash. Any one not personally known to me desiring to give note for any purchase please bring bank reference. All stock will be loaded on cars after sale without trouble to the purchaser. Buyer's risk after bid off.

**AUCTIONEERS**—Col. F. M. Woods, Lincoln, Neb.; Col. George P. Bellows, Marysville, Mo.; Col. Carey M. Jones, Chicago, Ill.

LEADER OF FASHION 300790, sire Whitehall Marshal 209776, dam Imported Shenstone Princess. His prize winning record is the best of any calf in 1908, having won three grand champions and first in his class at seven out of eight shows. Through an accident a few months after making this record he was badly crippled; but has produced some of the best calves ever bred at Anoka. His lameness finally disabled him altogether so that one of the most promising sires of recent years is lost to the breed.

WHITEHALL MARSHAL 269776, sired by Whitehall Sultan 163573, dam Missie 167th, was the champion Shorthorn bull of 1906, 1907, and he and his sire won all championship and first prizes shown for 1905. Whitehall Marshal's record as a show bull has rarely if ever been equaled. His get are some of the very best ever bred at Anoka or Elmendorf, and the only ones that have been shown have been prominent winners.

**GLOSTER FASHION** defeated at least once every calf he showed against in the 1911 circuit. He was 1st and Junior champion at Winnepeg and Brandon. He is better today than ever before.

WHITEHALL SULTAN 163573, bred by J. Deane Willis, Bapton Manor, Codford, Wiltshire, England, sire Bapton Sultan, dam Imp. Bapton Pearl by Count Lavender. Bapton Pearl is remembered by those who saw her as one of the most perfect Shorthorn females ever seen in the English or American show yards, where she was a winner of many grand champion prizes and was sold by Mr. Willis at \$5,000.00 to come to this country. She was bred to Bapton Sultan, sold about the same time to go to South America. This mating produced Whitehall Sultan. The show yard record of this great sire is still well in the minds of breeders of Shorthorns and his achievements as a sire seem to mount to a higher standard and throughout a broader sphere with each succeeding year for it is generally conceded that the blood of no other bull in recent years has made as much improvement or made it possible to preserve high individual excellence when it was already there as the blood of Whitehall Sultan.

LAVENDER VICEROY 223936, a Cruickshank Lavender bull, was got by Lavender Viscount, a celebrated champion of the American Royal and International Expositions.

IMP. MASTER OF THE ROLLS 99463, a Lavender bull, got by Gondolier 92827, out of Lavender 45th by Baron Violet 90446.

SULTANS LAST is one of the most perfect sons of Whitehall Sultan. He has not been forced, but is nevertheless a show bull. His breeding is right and his dam a high class cow.

GODOY 115675 was twin to Godwin 115676, used with such good results in the herd of Geo. Allen. Godoy proved a good breeder in several herds in Central Missouri. These bulls were bred by Col. W. A. Harris and were got by Imp. Spartan Hero 77932, out of that remarkable cow Imp. Golden Thistle by Roan Gauntlet (45276).

**SULTAN REGULAR** will suit the breeder or showman requiring the best. He is worth a big price and should make good anywhere.

WHITEHALL SULTAN 163573, bred by J. Deane Willis, Bapton Manor, Codford, Wiltshire, England, sire Bapton Sultan, dam Imp. Bapton Pearl by Count Lavender. Bapton Pearl is remembered by those who saw her as one of the most perfect Shorthorn females ever seen in the English or American show yards, where she was a winner of many grand champion prizes and was sold by Mr. Willis at \$5,000.00 to come to this country. She was bred to Bapton Sultan sold about the same time to go to South America. This mating produced Whitehall Sultan. The show yard record of this great sire is still well in the minds of breeders of Shorthorns and his achievements as a sire seem to mount to a higher standard and throughout a broader sphere with each succeeding year for it is generally conceded that the blood of no other bull in recent years has made as much improvement or made it possible to preserve high individual excellence when it was already there as the blood of Whitehall Sultan.

BARON GLOSTER 101657 Messrs. Forbes regard as great, if not the greatest sire, ever used in their Linwood herd.

GLOSTER SULTAN 2d, not served owing to her being a high class show heifer for this season's shows. She has never been forced and is now a splendid prospect that should be looked after.

LADY MARGARET 2d is a great heifer, short-legged, thick, great ribs, beautiful head and all that goes to make what is wanted in the high class show rings of the present day. There can be no better and truer Scotch breeding, and her dam is one of the best cows that has ever been in the Miller herd.

UPPERMILL OMEGA (97506) was the last calf bred at Uppermill before the dispersion of herd; he is a great bull and has placed himself away above any Shorthorn bull in Canada, as a sire. This will be conceded when his heifers are seen. His bulls are just as good, but they are sold as fast as they are old enough, by private treaty. His sire was the \$6,000 Bapton Favorite (76080), dam Maude 37th by High Commissioner (59085), grand dam Maude 32d by William of Orange (50694).

ROYAL PRINCE (71490) is a grandly bred Golden Drop. He was used by Mr. Campbell in Scotland, and after importation was used in the Thistle Ha' herd for six years with the greatest success. At the dispersion of that herd his calves made up to \$750 each.

The Sittyton Clipper family was long considered one of the best at Sittyton. Mr. Cruickshank selected his sires from them whenever it was possible to do so. Commodore (54118) and Cumberland (46144) were of this family and they were amongst the most successful sires used in the herd during the latter years of Mr. Cruickshank's breeding career.

UPPERMILL OMEGA (97506) is a wonderful, thick, good bull and he is proving himself one of the greatest sires of the day. He was the last calf bred at Uppermill before dispersion; his sire was the bull, Bapton Favorite, that sold on that occasion for \$6,000.00, and his dam was Maude 37th by High Commissioner (59085), also the dam of Spicy Marquis, grand champion at Toronto in 1903, and sold by Mr. Flatt for a big price to head the herd of Sir William Van Horne.

CALEDON CHIEF (74163) was sold to go to Buenos Ayres for \$7,500. He was got by the Mysie bull Laureate (67299), sire Scottish Archer (59893), dam by Field Marshal, out of Rowena 5th by Sign of Riches (66324), a richly bred Marr Bessie.

CHIEF OF THE CLAN (70149), a Missie, and one of Mr. Marr's best and highest priced bulls, has been used extensively at Collynie—a sure proof of his excellence. He was got by Captain of the Guard (58596), a Sittyton Cicely, by the Clipper bull Commodore (54118) out of Christmas Carol by Cumberland (46144). Captain of the Guard was on hire at Uppermill for two seasons at high terms and was in service in the Bapton herd for several years, where he left excellent stock, many of which proved prize-winners, including the champion group of five bull calves at the Birmingham show. Chief of the Clan was out of Missie 73d by Prince Charlie (42172).

WHITEHALL SULTAN 163573, bred by J. Deane Willis, Bapton Manor, Codford, Wiltshire, England, sire Bapton Sultan, dam Imp. Bapton Pearl, by Count Lavender. Bapton Pearl is remembered by those who saw her as one of the most perfect Shorthorn females ever seen in the English or American show yards, where she was a winner of many grand champion prizes and was sold by Mr. Willis at \$5,000.00 to come to this country. She was bred to Bapton Sultan, sold about the same time to go to South America. This mating produced Whitehall Sultan. The show yard record of this great sire is still well in the minds of breeders of Shorthorns and his achievements as a sire seem to mount to a higher standard and throughout a broader sphere with each succeeding year for it is generally conceded that the blood of no other bull in recent years has made as much improvement or made it possible to preserve high individual excellence when it was already there as the blood of Whitehall Sultan.

CRITERION 234587, by the show bull Young Fellow 121600; dam Lady Lorne by General Bobs 186242.

SPICY BARON 213038, was bred by W. S. Marr, Uppermill, Scotland, got by Spicy Robin 134697, out of Imp. Blythesorie 15th by Sea King 125762.

This daughter of Whitehall Sultan should prove a valuable purchase, for the family has done especially well in the herd. Served November 5, 1911, to Fond Memory 320270.

WHITEHALL SULTAN \*163573, bred by J. Deane Willis, Bapton Manor, Codford, Wiltshire, England, sire Bapton Sultan, dam Imp. Bapton Pearl by Count Lavender. Bapton Pearl is remembered by those who saw her as one of the most perfect Shorthorn females ever seen in the English or American show yards, where she was a winner of many grand champion prizes and was sold by Mr. Willis at \$5,000.00 to come to this country. She was bred to Bapton Sultan, sold about the same time to go to South America. This mating produced Whitehall Sultan. The show yard record of this great sire is still well in the minds of breeders of Shorthorns and his achievements as a sire seem to mount to a higher standard and throughout a broader sphere with each succeeding year for it is generally conceded that the blood of no other bull in recent years has made as much improvement or made it possible to preserve high individual excellence when it was already there as the blood of Whitehall Sultan.

LEADER OF FASHION 300790, sire Whitehall Marshall 209776, dam Imported Shenstone Princess. His prize winning record is the best of any calf in 1908, having won three grand champions and first in his class at seven out of eight shows. Through an accident a few months after making this record he was badly crippled, but has produced some of the best calves ever bred at Anoka. His lameness finally disabled him altogether so that one of the most promising sires of recent years is lost to the breed.

IMP. GILTSPUR 92520, in service in the Sanger herd for many years, and sire of some fine show cattle, among them the great show cow in the Dustin herd, Victor of Hickory Park. He was by Cawdor (44506) out of Gazelle by the great Roan Gauntlet (35284), who was probably the sire of more good cows than any bull Mr. Cruicks shank ever used; Evening Star by Royal Duke of Gloster (29864); Morning Star by Champion of England (17526). Imp. Giltspur won 1st prize in his class and 1st in Sweepstakes at the Wisconsin State Fair in 1888.

IMP. NOTLAW BRIGAND 307797, red, calved May 3d, 1907, bred by Vaugh Harley, Walton Hall, sire Broad Arrow 307764, dam Notlaw Beauty by Bapton Pure Gold. Notlaw Brigand is a Kilbean Beauty and similarly bred to the Royal Champion, White Heather and the prize winning bull, Count Beauty, 1st at Royal and Highland shows. Broad Arrow is a Braudhooks and Bapton Pure Gold, a Brawith Bud.

PRINCE ARMOUR 127794 needs no introduction. Having been declared Junior Champion bull two years in succession, 1898 and 1899. He was by Baron Cruickshank 3d 117968, out of that greatest of all cows, Princess Alice by Field Marshal. Sapho was junior heifer calf in the herd of E. B. Mitchell & Sons last year, winning many valuable prizes and is a heifer of good individual merit.

GOLDEN LORD 119427, by Lord Mayor 112727 was out of Norton's Golden Drop, of which Col. Harris says: This family at Linwood are ranked fully up to the costliest imported animals in the herd. The fame of the tribe as prize winners on both sides of the water and the long prices brought by various fine show animals belonging to it give the Golden Drops a position absolutely second to none.

BEST OF ARCHERS 141832, has demonstrated his ability to get show animals. P. L. Mills, Ruddington, used Best of Archers two years and declares he is a wonderful sire. Mr. Duthie pronounced the calves of Best of Archers as some of the best he had ever seen. He is sire of first prize and sweepstakes yearling bull at Nottingham in 1899 and he himself defeated Marengo, the champion of 1898, at this show. He won second at Chicago, 1901. He was got by the great Scottish Archer 117301, out of Brenda by Plantagenet 111838, also sire of Ceremonious Archer, the grand champion at the International in 1903 and sold for \$5,000.

LADY BELL, 5th belongs to the grand old J. tribe—a tribe that has produced very many show animals. They were great favorites with the late Mr. S. Campbell, of Kinellar, and many others in Aberdeenshire. This cow is a half sister to Lady Bell 3d that sold in one of Mr. A. Chrystal's sales for \$1,500.

Knight Templar stood well up in his class at the 1908 International and I paid the top price for him in the sale brought by any bull. His get left at Anoka are for the most part well built animals, particularly straight in their lines that would develop into show cattle if fitted.

ROB ROY'S LASS, the dam of this heifer, was got by Rob Roy 160172 Imp. and he was of the same family as Merry Hampton. The Buchan Lassies are a good, reliable Scotch family, well and favorably known in Canada; we owned the grand-dam and have the dam of this heifer in the herd at present. They have been good breeders and splendid milkers.

LEADER OF FASHION 300790, sire Whitehall Marshal 209776, dam Imported Shenstone Princess. His prize winning record is the best of any calf in 1908, having won three grand champions and first in his class at seven out of eight shows. Through an accident a few months after making this record he was badly crippled; but has produced some of the best calves ever bred at Anoka. His lameness finally disabled him altogether so that one of the most promising sires of recent years is lost to the breed.

THE MISS RAMSDEN pedigree has its root in the Millbank herd, whence Robert Colling got some of his original stock, and is richly bred throughout, drawing the blood elements from the herds of Coates, Wright and Wiley, in the older crosses, and principally from the Aberdeenshire herds of Cruickshank, Marr and Campbell in the upper crosses. This family has produced Mr. Willis' Challenge Cup, Mr. Harrison's Bright Archer, Mr. Kelly's \$6,000 Brave Archer, the Iowa Agricultural College bull, Scotland's Crown, Mr. Thorley's Ringdale Belle, and other prize winners.

MINISTER 129219, a red Cruickshank bull sired by Lavender Prince 87513, dam Imp. Mina 5th, by Chatham 96686. Lavender Prince got by Imp. Prince President 77023, out of Imp. Linwood Lavender by Chancellor 68963, Imp. Lavender 34th by Roan Gauntlet 45276.

IMP. NOTLAW BRIGAND 307797, red, calved May 3d, 1907, bred by Vaugh Harley, Walton Hall, sire Broad Arrow 307764, dam Notlaw Beauty by Bapton Pure Gold. Notlaw Brigand is a Kilbean Beauty and similarly bred to the Royal Champion, White Heather, and the prize winning bull, Count Beauty, 1st at Royal and Highland shows. Broad Arrow is a Broadhooks and Bapton Pure Gold, a Brawith Bud.

WHITEHALL SULTAN 163573, bred by J. Deane Willis, Bapton Manor, Codford, Wiltshire, England, sire Bapton Sultan, dam Imp. Bapton Pearl, by Count Lavender. Bapton Pearl is remembered by those who saw her as one of the most perfect Shorthorn females ever seen in the English or American show yards, where she was a winner of many grand champion prizes and was sold by Mr. Willis at \$5,000.00 to come to this country. She was bred to Bapton Sultan, sold about the same time to go to South America. This mating produced Whitehall Sultan. The show yard record of this great sire is still well in the minds of breeders of Shorthorns and his achievements as a sire seem to mount to a higher standard and throughout a broader sphere with each succeeding year for it is generally conceded that the blood of no other bull in recent years has made as much improvement or made it possible to preserve high individual excellence when it was already there as the blood of Whitehall Sultan.
